THE nation's traditional Super Bowl parties take on a whole new dimension in **Naomi Harris'** new photo book, "America Swings," from Taschen. It shows naked, real-life couples going at it as they watch the big game, drink Bud Light and munch potato chips. Harris, who spent two years on the road to snap suburban swingers of all shapes and sizes in action - watching TV, barbecuing, and having Thanksgiving dinner in the nude - concludes: "These people are definitely having better sex than the rest of us."
