

EXCLUSIVE!

Paris in jail! (If only it was real...)

**THE SIMPLE LIFE STAR IS SENT UP
IN THIS ELABORATE HOAX PHOTO**

CELEBRITY SPOOFER
Alison Jackson's new book features other fake celebs such as Madonna

SADLY, FOR ONCE, YOUR eyes *do* deceive you. This exclusive picture of Paris Hilton taking a shower during her recent stint in jail is actually a fake. The hoax, by brilliant photographer Alison Jackson, shows the heiress stripping off for a wash in Lynwood jail where she served 23 days for driving on a suspended licence. Aware of the scary-looking inmate in her midst, the lookalike Paris tries to strategically position her blonde hair extensions as she stands under the shower.

Paris is the latest in a string of stars to be portrayed in Alison's work. Previous shots include Madonna playing with baby David in his nursery, Angelina breastfeeding baby Shiloh and Britney removing her knickers. There are plenty more new snaps in her new book *Alison Jackson Confidential*. Alison told *heat*, "We all wondered what happened to Paris while she was in jail and how she coped in the showers... On the shoot we had several actors posing as scary women surrounding a vulnerable-looking Paris." ■ DANIEL FULVIO
